Academic Vacancies for International Professors
at the University of Information Science and Technology
"St. Paul the Apostle" Ohrid
(September 20th, 2018 – November 19th, 2018)

10 (ten) Faculty and Postdoctoral Positions Opened at UIST

The University of Information Science and Technology "St. Paul the Apostle" – Ohrid (UIST) is searching for 10 (ten) faculty and postdoctoral positions for international professors in the following general areas:
-   Computer Engineering,
-   Computer Science,
-   Electrical Engineering,
-   Financial Engineering,
-   Mathematics,
-   Physics,
-   Statistics,
-   Economics and,
-   Management.

We are especially interested in the applicants with experience in:
-   Big Data,
-   Cyber and information security,
-   Internet of Things,
-   Blockchain technology,
-   Bioinformatics,
-   Computational Biology,
-   Computer Game Design,
-   Computer Vision,
-   Control, Robotics,
-   Data Mining,
-   Digital Signal and Image Processing,
-   Information Theory,
-   Java Programming,
-   Machine Learning,
-   Network Science,
-   Operations Research,
-   Probability Theory,
-   Social Networks ,
-   Telecommunications,
-   Virtual and Augmented Reality,
-   e-Business,
-   e-Democracy,
-   e-Governance,
-   e-Management,
-   e-Ethics,
-   e-Media,
-   e-Diplomacy,

The appointment will be into ranks of Assistant, Associate or Full Professor. Few positions of Visiting Professors are open for a 12 month appointment 100 % funded (ideally for sabbatical leave).
Starting date February, 2019 or upon agreement.

We are seeking faculty members who demonstrate excellence and enthusiasm for teaching and research. Successful applicants will be expected to develop and maintain externally funded research programs that involve and support undergraduate and graduate students. We offer a competitive salary between 13.000-25.000 euros (net) for assistant professors, 15.000-35.000 euros (net) for associate professors, 25.000-45.000 euros (net) for full professors and between 10.000-15.000 euros (net) for postdocs, depending on the experience.

Research interests that are innovative, interdisciplinary and extend a growing faculty cluster in computational science and engineering are preferred.

Job Requirements
According to the provisions of the Law on Higher education of the Republic of Macedonia and the Rulebook on the criteria and procedure on election in academic title at UIST, all applicants must have a strong publication record and demonstrate high potential to establish an externally funded research program. Minimum qualifications include a doctoral degree in a field related to the above mentioned areas at the time of appointment. Applicants with a PhD degree, a postdoctoral experience, or a working experience from the top 500 universities according to the Academic Ranking of World Universities (ARWU) will be preferred. Applicants for the rank of Associate Professor or Professor must have a strong record of securing competitive grant funding.

To apply please send:
- cover letter (**Note:** Please indicate the position/field you're applying for),
- current CV,
- PhD degree/diploma,
- one page statement of your research vision and plan,
- one page statement of your teaching interests, and
- contact information for three professional references
